Open Letter

To whom it may concern,

Following the success of The 1st National Conference on Transport Infrastructure & Sustainable Development (2013), The 2nd (2016), and The 3rd International Conference on Transport Infrastructure & Sustainable Development (2019), The University of Danang - University of Science and Technology (UD-DUT), Vietnam Federation of Civil Engineering Associations (VFCEA) and the supporting organizations are organizing The 4th International Conference on Transport Infrastructure & Sustainable Development (TISDIC 2023) taking place from August 25th-27th, 2023 in Da Nang city, Vietnam.

The International Conference on Transport Infrastructure & Sustainable Development (TISDIC), held every three years, has become a prestigious, attractive scientific forum for professionals to meet, exchange, and introduce the latest developments in Construction and Transport Infrastructure Management. TISDIC 2023 includes plenary sessions, parallel sessions, a construction technology forum, and the product and technology exhibition.

TISDIC 2023 is expected to have the participation of 400 delegates, including agencies, businesses, professors, scientists, and researchers in the construction field from universities and research institutes around the world.

Given the size and importance of the conference, the Organizing Committee would like to invite all agencies and businesses to participate and sponsor TISDIC 2023. By sponsoring the TISTIC 2023, you will make an important contribution to improving the quality and success of the conference and allow us to introduce your agencies or businesses widely to the local government authorities and mass media.

Thank you for your potential sponsorship, and we wish your agencies and businesses to develop sustainably and constantly.

Sincerely,

Assoc. Prof. Dr. Nguyen Huu Hieu
Rector of UD-DUT

Dr. Dang Viet Dung
President of VFCEA

THE 4TH INTERNATIONAL CONFERENCE ON TRANSPORT INFRASTRUCTURE & SUSTAINABLE DEVELOPMENT

“ An important forum for academia, government, civil society, and the private sector to come together and share research ideas and practical solutions, in order to achieve sustainable development goals for transportation infrastructures.

ABOUT US I

The International Conference on Transport Infrastructure and Sustainable Development (TISDIC) was first held in 2013 and is planned to be held every three years. After three successful conferences, TISDIC created a great international reputation when TISDIC 2019 attracted many scientists, with 67 full-length papers printed in the English conference proceedings with ISBN codes. In addition, TISDIC 2019 had plenary sessions of 5 keynote and 8 invited speakers, who are top professors from different countries, and attracted 19 sponsors and exhibitors. The conference was held at the Da Nang Administrative Center, one of the largest multi-purpose buildings in Viet Nam. TISDIC is also considered the largest scientific conference in the construction field in Central Vietnam.

Previous conference took place in 2013, 2016 and 2019.

TISDIC 2013 and TISDIC 2016 are national conferences, and TISDIC 2019 are international conferences with proceedings published entirely in English by Construction Publishing House. The conference aims to create an opportunity for scientists, researchers, and experts in the field of construction and

transport infrastructure in the country and internationally to meet and present research results, new technology applications and solutions, meeting the requirements for the sustainable development of transport infrastructure.

AGENDA OF TISDIC 2023 I

August 25, 2023: Conference Registration

August 26, 2023: Plenary Session (7:30 - 11:45)

- 7:30 - 8:30: Registration at the Conference Hall
 - 8:30 - 8:45: Opening Ceremony
 - 8:45 - 9:45: Keynote Lectures
 - 9:45 - 10:15: Visiting the Exhibition Stands
 - 10:15 - 11:45: Keynote Lectures
 - 11:45 - 13:00: Lunch
-

August 26, 2023: Parallel Sessions (13:30 - 17:15)

- 13:30 - 15:10: Parallel Sessions
 - 15:10 - 15:30: Visiting the Exhibition Stands
 - 15:30 - 17:15: Parallel Sessions
-

August 27, 2023: Plenary Session and Parallel Sessions (8:00 - 11:45)

- 8:00 - 9:45: Keynote Lectures
 - 9:45 - 10:15: Visiting the Exhibition Stands
 - 10:15 - 11:45: Parallel Sessions
 - 11:45 - 13:00: Lunch
-

August 27, 2023: Parallel Sessions (13:30 - 17:15)

- 13:30 - 15:10: Parallel Sessions
 - 15:10 - 15:30: Visiting the Exhibition Stands
 - 15:30 - 17:15: Parallel Sessions
-

Closing Ceremony (17:15 - 17:30)

Gala Dinner (18:30 - 21:00)

August 28, 2023: Conference Tour

BUSINESS FORUM

13:30 - 16:30 August 26,2023

- Presentation on technology products in construction
- Visiting the exhibition stands
- Exchanging and connecting businesses and departments

ABOUT TISDIC 2023 I

PARTICIPANTS

It is expected that 400 delegates will attend, including

Scientists from universities, research institutes, professional associations in the country and the world

Leaders and specialists of agencies and departments in the Central and Central Highlands regions.

Leaders and specialists of traffic and construction project management boards in the Central and Central Highlands regions

Leaders and engineers of design consultant organizations, construction organizations, and supervisors of traffic and construction projects

Suppliers of equipment, technology solutions in traffic and construction, and many other businesses

KEYNOTE
SPEAKERS

CONFERENCE TOPICS |

Topic 1: Advanced Structural and Bridge Engineering

Topic 2: Road and Transport Engineering

Topic 3: AI, IoT and Automation in Transportation Systems

Topic 4: Construction and Building Materials for Sustainable Development

Topic 5: Geotechnical and Geoenvironmental Engineering

CONFERENCE TOPICS

KEYNOTE SPEAKERS |

1. Prof. Rafat Siddique

- Senior Professor of Civil Engineering & Dean Research and Sponsored Projects at Thapar Institute of Engineering & Technology, India
- Editor for Construction and Building Materials, Associate Editor for European Journal of Environmental and Civil Engineering

KEYNOTE SPEAKERS

2. Prof. Jian Chu

- Chair, Professor, School of Civil and Environmental Engineering, Nanyang Technological University, Singapore
- Editor for Acta Geotechnica, Associate Editor for ASCE Journal of Materials in Civil Engineering

3. Prof. John van de Lindt

- Harold H. Short Endowed Chair, Professor, Department of Civil and Environmental Engineering, Colorado State University, USA
- Editor-in-Chief for ASCE Journal of Structural Engineering

4. Prof. Buddhima Indraratna

- Distinguished Professor of Civil Engineering and the Director of Transport Research Centre, at University of Technology Sydney, Australia
- Editor for Transportation Geotechnics

5. Prof. Yan Zhuge

- Professor, UniSA STEM, University of South Australia, Australia
- Editor for Case Studies in Construction Materials

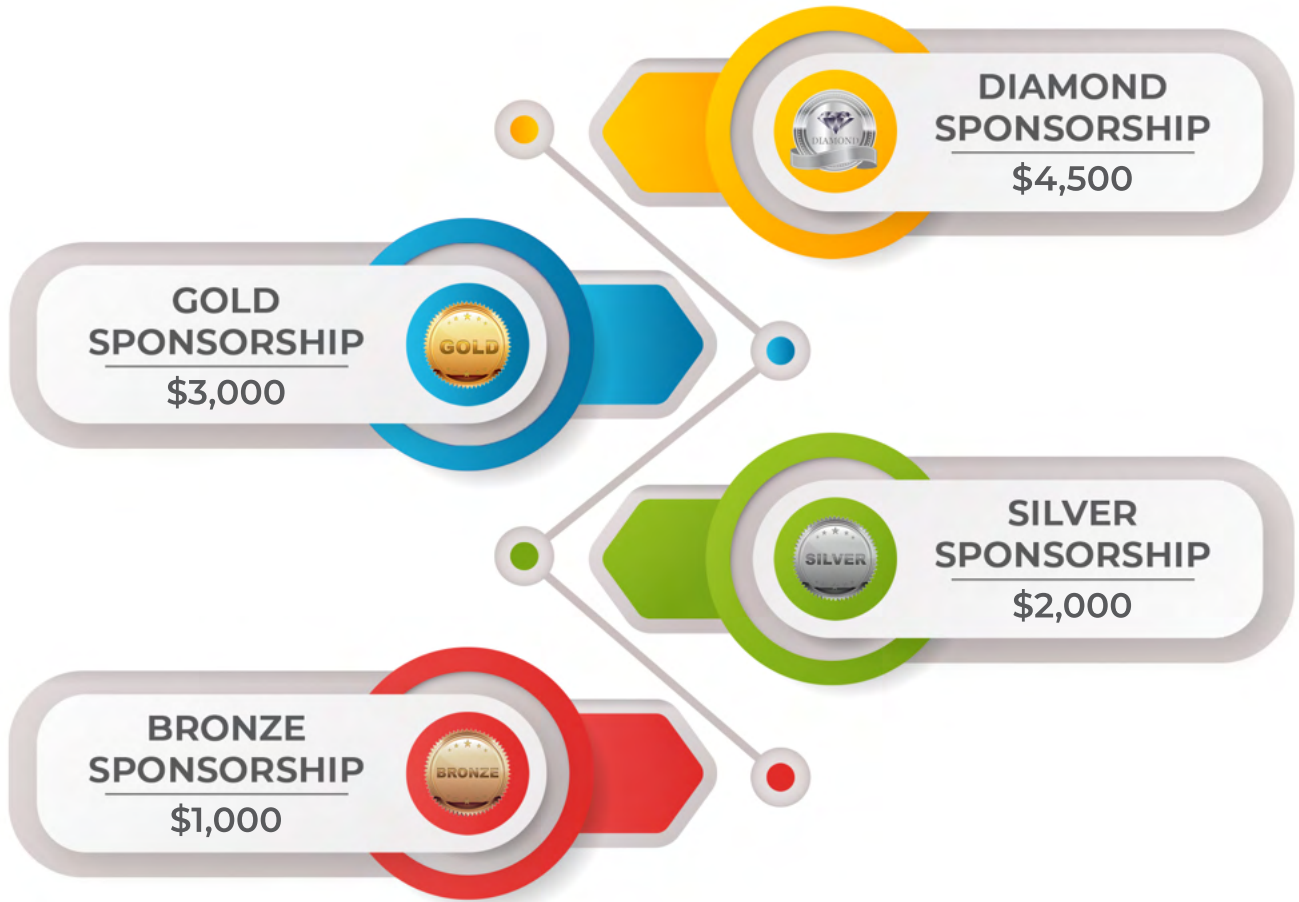

6. Prof. Hiroshi Katsuchi

- Professor, Faculty of Urban Innovation, Yokohama National University, Japan

7. Asst. Prof. Oscar Oviedo-Trespalacios

- Assistant Professor, Faculty of Technology, Policy and Management, Delft University of Technology, Netherlands
- Editor for Transport Review and Transportation Research Part F: Traffic Psychology and Behaviour
